And Horses Boarded by the Day, Week or Month at Terms to Suit the Times.
I have also a large hay yard with good stables. Also corals well watered. Y. T. HENKEL, Prop.

Franks of the Temperature and Topography in San Francisco.

San Francisco sprawls over a sandy peninsula shaped like a clinched fist, with its face to the east and the hoble, landlocked bay which the natives of the world would not crowd, and with its back to the Pacific ocean, which rolls in without a break from China, 7,000 miles away. It covers an area of 20 square miles, though much of this is built over in struggling fashion. It has three as many hills as Rome boasted of, but over the highest of these the cable cars climb. Seen from the bay at night, the spectacle is superb, as the streets are transformed into parallel lines of twinkling lights that seem to ascend, like Jacob's ladder, to the stars. Justin McCarthy in "Lady Judith" gives the most poetical as well as the most faithful picture of this remarkable sight of San Francisco from the bay. Find the original builders of the city adopted the Italian custom of carrying streets around hills, with terraced gardens. San Francisco would be the most beautiful city in the world. As it is, many of the streets are merely green, unsightly ditches that run in ugly parallel lines up the steep hills and through their summits. From a score of points of vantage one may get superb views of the bay, the harbor with its picturesque islands, the encircling hills and the Golden Gate, the narrow entrance through which come and go the ships of the orient.

What impresses the visitor to San Francisco most forcibly is the peculiar fondness for the bay window. But this taste seems natural and sensible when he is told that it is due to the necessity of getting all the sunshine that can be secured. Here, as in Italy, between sunshine and shade there is the difference between summer and winter. The San Francisco climate is the greatest climate in the world for comfort, as there is no summer heat. But it is a trying climate for any one with weak lungs or tender throat. The summer is hazy, then the winter, as cold trade winds and heavy fogs render the nights chilly and make a grate fire comfortable. September is the finest month in the year, as the trade winds do not blow and the days are warm and smothery.—Chautauque.

SHELL AND SHOVEL PILE.

A Short Story of the Civil War as Told by an Old Soldier.
"Whenever I see a pile of shovels stacked up on the sidewalk in front of a hardware store," said an old soldier, "it makes me think of a pile of shovels I saw once stacked up at the end of a trench in an earthwork at the time of the civil war. These were siege guns and mortars of one size and another in batteries scattered along these weeks—in the particular battery that I speak of there were two 150 pound rifled guns. There was a traverse between the two guns, and on the outer side of each, a traverse, and another being a short ridge of earth running back from the line in front and at right angles with it, to protect the gun and the gunners from a flank attack. A pile of shovels lay at the foot of the outer traverse, to the left of the pile that I speak of. There were six or eight men on the gun."

"A shell that came over from a Confederate mortar battery dropped square on that pile of shovels and exploded in the air. The shell had just been fired, and the men were all standing scattered around to the rear of the gun carriage, none of them far away from the shell pile, and all of them right in open range, not protected, as some of them anyway would have been a minute earlier, by standing over the other side of the gun, with the gun and the gun carriage between them and the shovels."

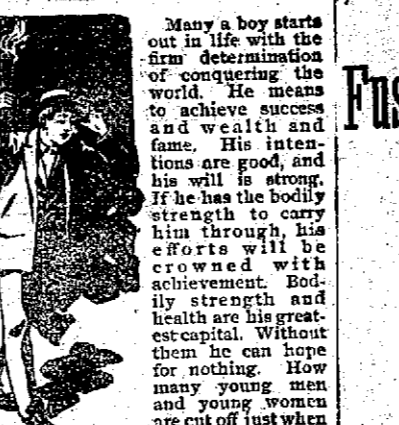

"The air was filled with smoke, and fragments and splinters of shell and shovels were flying in all directions. There wasn't a man but expected to have his head knocked off by a piece of shell, or to be cut in two by a shovel blade, or to be at least to have the handle of a shovel stuck through him. But the fragments of shell all flew past, the shovels all came down, and the smoke cleared away, and nobody had even a scratch. Then the men all laughed and went to loading the 150 pounder again."
—New York Sun.

The Swiss Parliament.

A parliament at which the discussions are carried on in three different languages is probably unique.
The country where this singular fact occurs is well known to English tourists as Switzerland. But few, I believe, have ever had an occasion to be present at a sitting of a Swiss parliament.
The languages spoken by the members are French, Italian and German. Italian, true, is not as often employed as the other two, the members for Tessin, a canton in the south, very often delivering their speeches in French. As almost every educated Swiss speaks French and German, members are therefore able to understand each other's speeches, although spoken in different languages to their own.
It also often happens that when a French speaking member wishes to make a stronger impression on the German speaking part of the house he delivers his speech in German, and also vice versa.—Pearson's Weekly.

FAILING MANHOOD

General and Nervous Debility.

ERIE MEDICAL CO., Buffalo, N. Y.

Many a boy starts out in life with the firm determination of conquering the world. He means to achieve success and wealth and fame. His intentions are good, and his will is strong. If he has the bodily strength to carry him through his efforts will be crowned with achievement. Bodily strength and health are his greatest capital. Without them he can hope for nothing. How many young men are cut off just when the future seems brightest and fullest of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. Consumption has been considered incurable, and the medical profession has never made a greater mistake than this. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 95 percent of all cases of consumption, should read the chapters on this disease in Dr. Pierce's Common Sense Medical Adviser. This great medical work of 1005 pages, profusely illustrated, has reached a sale of over 600,000 copies. It will be sent free of charge on receipt of 21 one-cent stamps to cover cost of mailing only. World's Dispensary Medical Association, 653 Main Street, Buffalo, N. Y.

ELECTION NOTICE.

NOTICE IS HEREBY GIVEN THAT on the first Tuesday, the third day of November next, at the several election precincts in the County of Washoe, an election will be held for the following named officers, to-wit:

- Three Presidential Electors.

- For Constable, Wadsworth Township, ROBERT FULLOCK.
- For Justice of the Peace, Verdi Township, J. E. SOUCHEREAU.
- For Constable, Verdi Township, O. R. COOPER.

SILVER PARTY PLATFORM.

Adopted at Elko, Nevada, September 8, 1896.

The Silver party of Nevada, in State Convention assembled, does affirm its allegiance to those great essential principles of justice and liberty upon which our institutions are founded, viz: Freedom of speech; freedom of the press; freedom of conscience; the preservation of personal rights; the equality of all citizens before the law, and the faithful observance of constitutional limitations.

We pledge our earnest and active support to William J. Bryan for President, and to Arthur Sewall for Vice President of the United States.

We heartily endorse the platform of the National Silver party adopted at St. Louis, July 25th, 1896.

We declare the restoration of silver to the place accorded it as a money metal by the founders of the Government to be the paramount issue.

We demand the remonetization of silver at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation. We demand that the standard silver dollar shall be full legal tender equally with gold for all debts, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

We are opposed to the issuing of Government interest bearing bonds in time of peace, and we demand that the Government officials, the servants of the people, shall use the option given them by law to redeem all obligations issued or silver coin.

We demand the abolition of National banks, and the issuance of all money direct by the Government.

We demand the collection of the indebtedness of the Pacific Railway Companies to the United States, as it matures, without extension of time or charge of terms or conditions.

We demand Government ownership of telegraph lines and railroads.

We demand the enforcement of the Interstate Commerce Act.

We demand legislation excluding foreign paupers, criminals, and contract labor.

We pledge the fostering care of the State to our public schools and the State University, of which we are justly proud, and favor such legislation as will increase their efficiency.

We cordially invite the co-operation of all true silver men of all parties in the ensuing election, and hereby pledge the electoral vote of Nevada to Thomas E. Watson, should it appear that the election for the Vice Presidency be between him and Garret A. Hobart, the gold trust nominee.

We denounce the hypocrisy and double-dealing of the Republican party of Nevada, which, on May 10, 1895, declared for free coinage at the ratio of 16 to 1, independent of any other nation, as the only means of restoring prosperity to the country, and on June 18, 1896, declared that the restoration of silver would create a panic and demoralize the business of the country.

We approve the bill passed at the last session of the United States Senate, now pending in the House of Representatives, relative to contempt in Federal courts, and providing for trials by jury in certain cases of contempt. We are in favor of arbitration of the differences between employers engaged in inter-state commerce and their employees and recommend such legislation as is necessary to carry out this principle.

Recognizing the just claims of union soldiers, we heartily endorse the rule of the present Commissioner of Pensions that no name shall be arbitrarily dropped from the pension roll, and that the fact of enlistment and service should be deemed conclusive evidence against disease and disability before enlistment.

WATERWAYS AND RAILROADS.

The Federal Government should care for and improve the Mississippi River and other great waterways, and should own the great trunk lines of railway and improve and operate them so as to secure for the interior States easy and cheap transportation to tide water. When any waterway or trunk line railway is of sufficient importance to demand aid of the Government, such aid should be extended upon a definite plan of continuous work until permanent improvement is secured.

VOLUME OF MONEY.

The volume of money in circulation should be speedily increased and always be fully adequate for the requirements of business. It should be increased to an amount that will enable us to build our railroads, open our mines and develop our vast resources without dependence upon the money lenders of Europe.

PUBLIC OFFICE.

A public office is a public trust. No person or party should be trusted who has once violated that trust.

ELECTIVE FRANCHISE.

We denounce the purchase and sale of the elective franchise as destructive of our liberties, and favor the strict enforcement at all future elections of the law passed at the last session of the Legislature, known as the Purity of Elections law; and recommend that all candidates for the Legislature be required by their constituents to pledge themselves against a receipt of the law or any modification that will impair its efficiency.

UNITED STATES SENATORS.

We are in favor of an amendment to the Constitution of the United States, providing for the election of United States Senators by direct vote of the people of their respective States.

UNITED STATES SENATORS AND MEMBER OF CONGRESS.

The able and efficient services of Senators Stewart and Jones and Congressman Newlands in the Congress of the United States, in behalf of all interests that promote the welfare of our people are worthy of the indorsement of every patriotic citizen of the State, and we are in favor of the election of Hon. John P. Jones for United States Senator.

Resolved, That the Silver Party was organized for the purpose of securing the remonetization of silver and that we are opposed to any effort to disorganize it until silver is remonetized.

OF NEBRASKA.

FOR VICE PRESIDENT,
ARTHUR SEWALL
OF MAINE.

TO THE PUBLIC.

I believe in honest county govern-
ment. I think we can secure it by
electing H. H. Beck. I know he is not
opposed to public improvements and
that with him on the Board of County
Commissioners county affairs will be
conducted honestly, impartially and
economically and for these reasons I
request my friends to give their sup-
port to H. H. Beck.

(Signed.) J. J. QUINN,
People's Party Candidate for County
Commissioner, Long Term.

Reno, November 2, 1896.

VOTE FOR PROSPERITY.

In the great battle to-day the people
of Nevada should vote for the interests
of the State and nation. With Bryan
in the White House and a Congress in
favor of the restoration of silver pros-
perity will smile on our State and the
people all through the United States
will be released from the blighting,
withering, deadly influence of the gold
trust. Let us to-day assert our rights
as American citizens and brand at the
ballot box with the seal of our dis-
approval the attempt to make our
country a financial dependency of
European gold kings. What does
nominal political independence avail
us if we are to be at the mercy of alien
money sharks? Let us like free men
prove ourselves worthy the privileges
of citizenship and show Hanna and his
cohort that we know our rights and
knowing, dare maintain them. Vote
for the Bryan and Sewall electors and
do not give half your vote to Mr.
Hanna's man by marking an X after
the names of the Bryan and Watson
electors. The Bryan and Sewall
electors are pledged to vote for Watson
if the contest is between Watson and
Hobart. The Bryan and Watson
electors cannot do more, so incur no
risk of giving the electoral vote of Ne-
vada to Hanna by dividing the Bryan
vote. The Silver and Democratic
nominations are capable and honest and
show your appreciation of that fact by
marking an X opposite the name of
every one of them. There is no reason
why any citizen of Nevada should vote
for the gold candidate for President or
for anybody who cares so little for the
welfare of the State as to vote for that
candidate. Look well to your ballots
and vote for Bryan, your country and
prosperity.

OUR HOME CANDIDATE.

Hon. Francis G. Newlands has made
a faithful and efficient representative
of the people. His four years' record
in Congress is stainless. He has no
explanations to make regarding his
course because none are necessary. He
has responded to every call, whether
it was made by a National Committee,
the State or an individual. He has
kept inviolate every pledge that he
made to the people. He is honest and
capable and attentive to the interests
of the people. Let the people show
that they appreciate his services and
qualifications by giving him their votes.
He could not do more for the State
under the adverse conditions existing
in Congress, and the people of Nevada
cannot do less than give him their cor-
dial, hearty support at the polls. In
the next Congress he will be with the
dominant party if the people are true
to themselves to-day and his influence
in a Silver Congress cannot be over-
estimated. Give him a rousing majority
in Washoe county.

THE GREAT BATTLE.

The great battle between the money
kings and the people is being fought
to-day. The time for argument is
passed and the hour for action has
arrived. The country is not prosper-
ing under the gold standard and the
Republicans have declared that that
standard shall prevail. All who de-
sire a continuation of the depression
will, therefore, vote the Republican
ticket. Millions have been spent to
convince the people that dull times
are good for the country. Fortunately
there are a large number who cannot
be convinced by gold arguments and it
is the firm belief of those who have
been among the people of the great
Middle States that they will vote for
Bryan and the right to-day. The peo-
ple of Nevada know the importance of
the issue and in proportion to their
number will give a large majority
for Bryan, Newlands and the whole
Silver and Democratic ticket as any
State in the Union.

INDICTMENTS AGAINST HANNA.

M. A. Hanna has been supplied with
millions of money to corrupt voters.
This money has been contributed by
the trusts and monopolies, who expect
to be paid back with interest if Mc-
Kinley is elected. A bond issue will
reimburse the gold trust for the ten
million contribution to the Hanna cor-
ruption fund. This money is being

used in purchasing the votes of mer-
cenaries, who for a few dollars assist in
riveting the shackles upon themselves
and others. In one instance, as far as
reported, the proof of Hanna's attempt
to purchase the electoral vote of a
State is conclusive. He has been claim-
ing Texas for McKinley and, as it now
appears, has been basing the claim on
his ability to buy the vote of the State.
The proof of this was sufficient to war-
rant the grand jury in session at Dallas
to find a true bill against him for
bribery and corruption.

This is doubtless only one of the
many instances in which he has made
similar attempts to subvert the will of
the people by the corrupt use of money,
and relying upon his success he has
claimed the electoral votes of States,
in which beyond all reasonable doubt
a majority of the qualified electors are
for Bryan.

TELEGRAPHIC NOTES.

The Democrats and Populists claim
Oregon by 5,000 majority.

Chicago has a diphtheria scare. Two
children suffering from the disease
were in the waiting-room at the Union
Depot yesterday. The children were
from California.

Chairman Jones of the National
Committee telegraphs Chairman
Powning of the State Central Commit-
tee that he confidently believes that
Bryan is going to win by an overwhelm-
ing majority.

There is a foot of snow on the ground
at Huron, South Dakota. Farmers are
unprepared for winter. The weather
is cloudy in Minnesota, Wisconsin and
upper Michigan, with indications of a
storm to-morrow.

Cleveland, Carlisle and Olney expect
to receive the returns at the White
House to-day, and while they will not
go home to vote for McKinley, they, as
well as other gold men, will rejoice in
the defeat of Bryan.

Annie Van Water, aged 7 years, was
instantly killed and Ella Berkman,
aged 9 years, fatally injured, at St.
Joseph's Crossing, on the Chicago and
Alton road yesterday. The children
were struck by the engine.

Bryan proceeded westward from
Lincoln, Nebraska. It was noticeable
that many who wore gold badges
cheered for Bryan. At York, which he
reached at 9 o'clock, thousands of
farmers greeted him and the cheering
was loud and prolonged.

The special train carrying John P.
Irish, of the McKinley Aid Society,
who was following Bryan, collided with
a freight train near Malcolm, Nebraska,
smashing the engine of the gold or-
ator's train and killing John M. Tipling,
of Lincoln, who was riding on the
freight train.

New York Estimates.

NEW YORK, November 2.—The Chair-
men of the Democratic and Repub-
lican Campaign Committees of New
York are sixty thousand apart in
their estimates to-day of the result of
the election to-morrow in this city.
Chairman Von Colt predicts a Repub-
lican plurality of 25,000 and Chairman
Sheehan thinks the Democratic plu-
rality will be at least 35,000.

ELKO NOTES.

General Items of Interest and Politics.
EDITOR JOURNAL.—A six month's
tour through the eastern part of this
State should be sufficient to give a
close student of all sorts of conditions
a pretty clear idea.

There is no question as to Elko's
standing. It is by all odds the most
favored eastern county. Farming and
stock business is "away up" even
though the mining industry lies tem-
porarily crushed. There are a score of
valleys, amply irrigated by mountain
streams, which never run dry. All of
them showed this year an exception-
ally large yield of hay and grain. In
Starr Valley the hay crops for the
same amount of acreage was nearly
twice that of 1895.

Those Elko valleys through which
the Humboldt with its branches flows,
are also all right, while lower down at
Lovelock and vicinity a partial failure
of crops occurred from a scarcity of
water.

Stock shipments have been quite
lively this season and particularly
the last few weeks. No less than
thirteen Nevadans were competing at
the same time for the best prices
obtainable at Omaha. Death and
Halleck are the principle shipping
points in this country. To the 25,000
head of cattle shipped from the latter
place fully 10,000 must be added to
complete the grand total for this
season. Halleck station, twenty-four
miles east of Elko, is, by the way, con-
sidered the coldest place in the United
States. The temperature is known to
have fallen to 70 degrees below zero.

Elko county enjoys another great
distinction of being the lowest taxed
in the State. Up to this fall in many
years the county tax had never reached
the level of the State tax of 90 cents.
In other words the total taxation on
the hundred valuation during the past
two years was only \$1.50, while this
year an increase of 30 cents became
necessary, owing to the erection of a
new county High School building.

The Central Pacific with its 184
miles through Elko should be grateful
for the low rate, but it isn't for the

oppressive high tariff rates are still in
force.

THE POLITICAL SITUATION.

Bryan will have a walk-over. The
Silver-Democratic State ticket is like-
wise all right. B. F. Currier will make
large inroads on Massey's strength,
while Judge Murphy will get a good
many sheep votes. The latter amount
to about 200.

As to the Congressional candidates,
Newlands is the man, although in cer-
tain quarters, but only for selfish
reasons, a good many so-called Silver
men will turn traitors.

Jas. C. Dougherty, who is wielding the
schoolmaster's baton in Starr Valley
will carry that precinct.

Up to last Saturday he has made
comparatively little effort in his behalf,
but it is supposed that he will spend
the remaining days to election in a
general electioneering tour.

On the whole Elko county contains
the most independent set of voters,
even outstripping Washoe, as was evi-
denced two years ago by the election of
R. E. Skaggs to the State Senate, who
is opposed to both J. P. Jones and A.
C. Cleveland. He will give Judge
Fitzgerald of Eureka his compliment-
ary vote for U. S. Senator.

Another man who seems platforms
as being flimsy pretenses of bolstering
up a party is E. E. Bilkey. He was a
Republican postmaster and in spite of
only one party being in existence for
the past four years, which was the
Silver party, he floated into office by
unprecedented majorities. Bilkey now
holds the responsible office of Recorder
and Auditor.

In short party lines are drawn very
loosely here and with rare exceptions
Elko people have always chosen well.

OSCAR HILDEBRANDT,
Wellanda, Elko Co., Oct. 28, 1896.

Diphtheria Cure.

The testimony of a prominent phy-
sician:

FOUNTAIN CITY, Ind., June 17, 1896.
This certifies that I have been using
V. O. in my practice. I have never
found any medical preparation in 46
years of practice that is calculated to
do so much good in so wide a range of
diseases and leave no after bad effects.

In Diphtheria it has proved a perfect
specific in my hands, and I had rather
depend on it alone, in that dreadful
disease than the whole popular Materia
Medica with that left out. For sale by
T. P. Bradshaw, Agent.

©3111. T. W. TAYLOR, M. D.

For Every Fifty Years

Mrs. Winslow's Soothing Syrup has been
used by millions of mothers for their chil-
dren's teething. If disturbed at night and
broken of your rest by a sick child suffering
and crying with pain of cutting teeth, send
at once and get a bottle of Mrs. Winslow's
Soothing Syrup for children teething. It
will relieve the poor little sufferer immedi-
ately. Depend upon it, mothers, there is no
mistake about it. It cures Diphtheria, regu-
lates the stomach and bowels, cures Wind
Colic, soothes the gums, reduces inflammation
and gives tone and energy to the whole sys-
tem. Mrs. Winslow's Soothing Syrup for
children teething is pleasant to the taste and
is the prescription of one of the oldest and
best female physicians and nurses in the
United States. Price twenty-five cents a bot-
tle. Sold by all druggists throughout the
world. Be sure and ask for "Mrs. Winslow's
Soothing Syrup."

Gladness Comes

With a better understanding of
the transient nature of the many phys-
ical ills, which vanish before proper ef-
forts—gentle efforts—pleasant efforts—
rightly directed. There is comfort in
the knowledge, that so many forms of
sickness are not due to any actual dis-
ease, but simply to a congested con-
dition of the system, which the pleasant
family laxative, Syrup of Figs, prompt-
ly removes. That is why it is the only
remedy with millions of families, and is
everywhere esteemed so highly by all
who value good health. Its beneficial
effects are due to the fact, that it is the
one remedy which promotes internal
cleanness without debilitating the
organs on which it acts. It is therefore
all important, in order to get its ben-
eficial effects, to note when you pur-
chase, that you have the genuine arti-
cle, which is manufactured by the Cali-
fornia Fig Syrup Co. only and sold by
all reputable druggists.

If in the enjoyment of good health,
and the system is regular, laxatives or
other remedies are then not needed. If
afflicted with any actual disease, one
may be commended to the most skillful
physicians, but if in need of a laxative,
one should have the best, and with the
well-informed everywhere, Syrup of
Figs stands highest and is most largely
used and gives most general satisfaction.

Friendly Regard

is never entertained by the children for a medicine that tastes bad. This explains the popularity among

little ones of **Scott's Emulsion**, a preparation of cod-liver oil almost as palatable as milk. Many mothers have grateful knowledge of its benefits to weak, sickly children.

Prepared by Scott & Bown, N. Y. All druggists.

BREVITIES.

Read Mrs. Judd's 50-cent ad. Trib cures swellings and tumors. Skates at Lange & Schmitt's cheap. Have you catarrh. Use liquid Viava.

Window glass, all sizes, at Lange & Schmitt's.

No magic about Feb, no witchcraft just a humanty, but supreme.

A bottle of the best liniment, Trib should be in every household.

H. H. Beck never blackmailed friend or foe, corporation or individual.

Trib, the new liniment, is in fact good. It cures bruises and sprains.

Stores and ranges of all kinds at San Francisco prices at Lange & Schmitt's.

Therapies men are offering to trade anything or everything for a vote against Beck.

J. H. Williams is an old and respected citizen and has a splendid record as a public servant.

Have you piles? Use Sano, prepared by the Viavi Company. It reaches the worst cases. Try it.

Honesty and ability are necessary qualifications for officers. Remember that when you vote to-day.

Roast chicken, mallard duck and many other things for dinner to-day at the Washoe Lunch Counter.

Votes for W. H. McKim for Sheriff, a man who will perform his duty at all hazards and without fear or favor.

Riverside Council, Order Chosen Friends, will meet at Clough & Crosby's Hall Thursday evening. See notice.

Black & Chasen show a fine deer in their window, besides a fine assortment of meats and other good things.

Charles Becker's line of cigars cannot be excelled outside of San Francisco and his line of novelties is complete.

Don't forget McLaughlin for County Clerk to-day. He is a competent man for the place and will make a good officer.

George Frazer for Short Term Commissioner is a man of business and will handle county affairs as carefully as his own.

The Board of Commissioners met yesterday and passed on the monthly bills. The Board then adjourned until next Monday.

The Reno Champions surrounded the Sacramento club Sunday evening and the latter spoke highly of their entertainment while here.

The Silver and Democratic County Central Committee have appointed sixty men to see that the Parity of Elections law is not violated.

Votes for Judge Marshall to-day for Justice of the Peace. He is a deserving man, well versed in the law and will make an excellent officer.

Vote for Norcross, Pike, Stoddard and Lemmon for Assemblyman and the interests of Washoe county as well as the State will be looked after.

Jerry Corcoran's Granite Saloon is one of the most popular places in town. A hot lunch every day and the best of wines and liquors in stock.

Mrs. C. A. LaGrave, the wife of State Controller LaGrave, and Mrs. W. J. Westerfield, the wife of State Treasurer Westerfield, arrived in town yesterday.

Sunday evening Mr. R. G. Cram's horse got loose and lost the bridle. The finder will please leave the bridle at William Van Buren's on Second street and receive reward.

Genuine Belfast and Dublin ginger ale, sassafras sour and an ever running stream of pure and sparkling soda water and the best of ice cream at the New Palace Bakery.

A. Nelson will sacrifice his stock of furnishing goods in order to make room for new goods. Now is the time to get bargains. Call at his store on Virginia street. Free employment office connected with the store.

R. R. Crawford, the People's party candidate for Assemblyman, is a printer and is familiarly known as Bert. Voters should not get him confounded with others by the name of Crawford. He is a deserving young man and if elected will make a good Assemblyman.

THE BASEBALL GAME.

The Reno Champions and Gilt Edge of Sacramento Cross Bats.

The most interesting and closely contested game of baseball that has ever been played on a diamond in the State of Nevada was that of Sunday at the Fair Grounds between the Gilt Edge team of Sacramento and the rightly named Nevada Champions of Reno. When game was called by Umpire Morris there were at least 750 spectators present and from beginning to end, interest in the play never lagged. The Gilt Edge boys were first to the bat and their free and easy manner showed their confidence of winning, but when the team was sent into the field without a man touching first they realized that they had to play ball. The Champions scored three runs in the first inning and Reno showed its appreciation of the good beginning the boys made by the tooting of horns, rattling of every noise-making machine and music by Case's rubber hose band. Sacramento scored two runs in the second and it was give and take goose eggs up to the sixth inning, when the Gilt Edge scored a run, making the score even. The excitement was then at fever heat, and when Wilcox batted a safe into right and brought Christie over the plate Reno shouted itself hoarse. Sacramento failed to score in the first of the eighth and the Champions added another tally in their half by a safe hit by Lewis, leaving the score 5 to 3. When the Sacramento's went to the bat in the ninth it was plainly seen that they were determined to do their very best to even up the score, but play their best they could not build up their score and the Champions won by 5 to 3.

The best of feeling prevailed throughout the game and the good plays of the Sacramento's were as heartily applauded as were those of the home team. The battery of both teams did excellent work, but the catching of Lewis of the Champions was remarkably good. Ferguson on first, who is above the average in avoidance, fooled the spectators by his agility. He played a fine game throughout. Mozingo on second sustained his reputation as a ball player and a left-handed catch made by him brought forth hearty plaudits. He filled his position with marked ability. Dodge at short and Miller at third held their own. The fielding of Christie, Budcliffe and Gilmore could not be improved upon and to bat a fly anywhere into the field was like throwing a ball down a well.

The Nevada Champions won the game against a team of first-class players, for every member of the Gilt Edge played good ball. They were gentlemanly young fellows too, and while they lost the game they won many friends during their short stay here.

On the morning of their arrival they were breakfasted at the Grand Central by the Reno team, after which they were furnished rooms in which to rest.

After the game they were taken to the Hotel Reno, where a feast was spread for the two teams and several of their friends. In the evening the Reno band serenaded the Sacramento visitors, and Captain Lewis, who is an orator of no mean ability, expressed the thanks of the citizens of Reno and the ball players in particular at the kindness of the Gilt Edge team in visiting us. Taken all in all, Sunday was a day of rejoicing and good feeling in Reno.

The score by innings was as follows:

Champions—3 0 0 0 0 1 1 *—5

Gilt Edge—0 2 0 0 1 0 0—3

TO THE PEOPLE OF WASHOE.

Some Reasons Why the Jones' Legislative Ticket Should be Elected.

Aside from the ability of Senator Jones as a political economist and the great good he can accomplish with a silver President and a silver Congress there are local reasons why the Jones' Legislative ticket should be elected in this county. That a large majority of the members will be Silver and Democratic there is no doubt. It behooves the people of this county, therefore, to have representatives in the Legislature in accord with the majority. We have two State institutions here for whose maintenance the Legislature will have to make appropriations. If our members are in accord with the majority they can beyond question secure more liberal appropriations and thereby increase the efficiency of the State University. There will be no danger of county division, as the Silver and Democratic candidates are pledged against it. Our people should therefore elect representatives who will be in accord with the majority and who will not under any circumstances vote for a goldbug for United States Senator.

AN IMPORTANT DIFFERENCE.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts as a positive condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Company only, and sold by all druggists.

The Best of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

WHEAT AND SILVER.

Why Farmers Should Vote for Free Coinage.

Congressman Newlands was addressing the citizens of the great grain growing States during the recent advance in the price of wheat and refuted the arguments of the gold men that the price of silver bullion had normally no relation to the price of wheat. His speeches were published in the city and country papers and reached hundreds of thousands of voters. At Minneapolis in reply to the question, "Why the gold price of wheat has advanced while the gold price of silver has declined?" Mr. Newlands said:

"Our American wheat has suffered from the competition in the Liverpool markets of the wheat production of silver countries, notably India. India has been content for the past twenty years or more, to receive the old silver price of wheat, which was an ounce of silver for a bushel of wheat. When the ounce of silver was worth \$1.29 in gold, this meant that the gold price of wheat was about \$1.29 a bushel. As the gold price of wheat gradually declined to 65 cents an ounce, the gold price of wheat gradually declined to 65 cents a bushel. Now wheat has gone up whilst silver has gone down recently. The reason is this: There has been a failure of the wheat crop in India, so much so that India instead of exporting wheat to the Liverpool market, in competition with American wheat, is to-day importing wheat from California. The result is that our American wheat in the Liverpool market, the Indian competition being done away with, has risen in price. On the other hand, as to silver, the Liverpool merchant has been accustomed to buy cheap silver bullion from this country, in order to pay the Indian farmer for his wheat. As the Indian farmer has no wheat to sell, the demand of the Liverpool merchant for American silver has fallen off, and consequently there has been a decline of a few points in silver."

On the immediate future, Mr. Newlands said:

"When the normal wheat crop of India is restored, the old competition will be renewed. The price of Indian wheat, stable in silver, will compete with our American wheat, the gold price will fluctuate with the gold price of silver. Restore the use of silver and thus raise its gold price, and there will be a corresponding rise in the gold price of our wheat and cotton."

That is the whole question in a nutshell. Restore silver so that England cannot purchase our bullion at 65 cents an ounce for use in India and the price of wheat will advance, as the Indian farmer cannot produce a bushel of wheat for less than an ounce of silver. Farmers should bear this in mind when they vote to-day, and remember, too, that what benefits the miner benefits them and the whole community.

A Cold Frost.

The Republican meeting at the Opera House last evening drew a small audience. S. Summerfield in calling the assemblage to order took opportunity to show that his overpopulous patriotism was centered in the Look term Commissioner and the defeat of Beck. He then introduced Messrs. Stewart, Hodgkinson, Steele, R. L. Fulton and Dr. Patterson.

Judge Bigelow was billed as the star of the evening and he talked the house about empty and the chairs were about to leave the hall when he closed:

Dr. P. T. Phillips' Little Son Dangerously Ill.

Dr. W. A. Phillips received word yesterday that his little nephew, who was operated on at Chicago a few days ago, was in a dangerous condition, blood poisoning having set in on the hand from which the fingers were amputated. Later in the day the doctor received a telegram that the boy was better, but last night a second dispatch asked him to come to Chicago by next train, and it is presumed that he is in a dangerous condition. The doctor will leave on this morning's train.

Old People.

Old people who require medicine to regulate the bowels and kidneys, will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant; but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price 50c. per bottle at Hodgkinson's Drug Store.

The Electoral Ticket.

To insure the electoral vote of the State to Bryan vote for B. F. Leete, George Russell and Joseph R. Ryan. They will vote for Thomas E. Watson if the contest is between him and Garret A. Hobart. A division of the Bryan vote can benefit only McKinley.

School Shows.

Tassel Brothers have a large and fine assortment of shoes for school children which parents are invited to call and inspect as they are being sold at a very low rate.

BREVITIES.

J. M. McCormack returned yesterday. He says the political pot is boiling everywhere he had been and the outlook for Bryan was bright.

Vote for Beck for Commissioner and serve your best interests by so doing, and don't listen to clap trap arguments against him by men that haven't a dollar's worth of property in the county.

Everything that the ingenuity of men who are opposed to honest government can devise is being used to defeat H. H. Beck for County Commissioner. Let the people see to it their schemes are unavailing.

J. J. Quinn, People's party nominee for County Commissioner, requests his friends to vote for H. H. Beck. Mr. Quinn believes in honest government and does not want any division in the ranks of those who believe as he does.

Rosenthal & Armarko have arranged with the Western Union Telegraph Company for a copy of the bulletins of the election to-day. The bulletins will be read aloud upon their arrival and afterwards posted on bulletin boards erected in front of their store.

FROM LASSEN COUNTY.

It Will Give Bryan Two Hundred and Fifty Majority.

EDITOR JOURNAL.—In this portion of California interest in the cause of Bryan and free coinage is not lagging at all. Even the presence of Ozar Reed, an attaché of the S. P. R. R. octopus, on the funding bill has not created a tidal wave in McKinley's favor nor changed our estimated majority of 20,000 or more for Bryan in this State.

The triumph of Bryan will be the harbinger of better times throughout the Union. It means prosperity to Nevada, and the reopening of the mines there creates a market for the produce of this section of California. It is now conceded by some of the political canvassers that the Bryan Electors will carry this county by 250 majority or more. Two years ago certain candidates on the Republican ticket received 235 majority, but times and the people have changed since then, even if the declarations for free coinage in the California and Nevada Republican State platforms have not.

Susanville, Cal., Nov. 1, 1898.

Diphtheria.

Another death occurred from this dread disease near Steamboat yesterday and two other children were very low. Later in the afternoon a case was reported in an Italian family on Second street, east of Center, and the Board of Health made the following order:

It is hereby ordered that any home wherein there is a case of diphtheria shall be plainly marked by a printed card bearing the word, diphtheria.

That no person shall visit such home except those actually engaged in the care of the sick person, and the immediate family.

That no person shall leave such premises except after change of clothing and personal disinfection as directed by the State Board of Health.

That in case of death from diphtheria the interment shall take place between the hours of 9 P. M. and 7 A. M. and within twenty-four hours from the hour of death.

That no person shall attend such burial except those actually necessary to give the body decent interment.

That no child under eighteen years of age shall attend such burial.

That no child shall attend any public school from any home in which there has been diphtheria until four weeks after the death or recovery of the last case in such home and until such home has been thoroughly disinfected.

That all premises wherein there has been diphtheria shall be thoroughly disinfected; instruction for such disinfection to be received from the State Board of Health.

The house on Second street was placed in quarantine and special officers appointed to see that no one went in or out of the premises unless authorized, and to arrest anyone acting contrary to the order of the board.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25c. per box. For sale by S. J. Hodgkinson.

When baby was sick, the doctor gave Castoria. When she was a Child, she "fed" for Castoria. When she became a Miss, she "clung" to Castoria. When she had Children, she gave them Castoria.

Viavi Is King.

Visitors to Reno are cordially invited to call and investigate the merits of Viavi. I have sold since June, 1897, \$13,900 worth, this speaks its value without further words.

Mrs. B. E. HUNTER.

Fourth Street.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her, and she says it saved her life. Mr. Thos. Eggers, 136 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this remedy for coughs and colds. Free trial bottles at Hodgkinson's Drug Store. Regular size 50c. and \$1.

Viavi Cures.

Have you catarrh? Use liquid Viavi. Is your blood poor? Use Viavi tonic. Have you stomach trouble? Use Viavi tablets. Have you a cold? Use Viavi cerate. Have the children burned themselves? Use Viavi cerate. Use it whenever there is pain or inflammation.

Have you rheumatism? Use ammoniated arnica. Have you piles? Use Sano.

Have you uterine trouble? Use the Viavi capsules and cerate.

All to be found at

Mrs. B. E. HUNTER'S, Fourth Street.

10-3

Good

Blood is essential to health. Every nook and corner of the system is reached by the blood, and on its quality the condition of every organ depends. Good blood means strong nerves, good digestion, robust health. Impure blood means scrofula, dyspepsia, rheumatism, catarrh or other diseases. The surest way to have good blood is to take Hood's

Blood

Sarsaparilla. This medicine purifies, vitalizes, and enriches the blood, and sends the elements of health and strength to every nerve, organ and tissue. It creates a good appetite, gives refreshing sleep and cures that tired feeling. It is because of its great power to purify the blood that

From

Hood's Sarsaparilla has accomplished so many wonderful cures. It makes the blood pure, drives out the germs of disease. Thousands today enjoy good health as the natural result of taking

SIREN SONGS FOR GOPHERS.

How Florida Land Tortoise Are Lured Out
of Their Holes.

W. H. Gilbert, locksmith, astronomer,
fisherman, scientist, hunter and
capitalist, is a great fan of gopher
meat, and has thought of many ways of
catching the game.

Some time ago he learned that there
was a family living in the northwestern
part of the county which boasted of
young men who could "sing" gophers
out of their holes. He traveled many
miles to ascertain if the report was
really true.

The young men were reluctant at first
to give an exhibition that might reveal
their secret, but Mr. Gilbert had a
number of persuasives along and finally
they consented.

The young men equipped themselves
with a gunny sack and a pointed stick
about five feet long. A half mile from
the house, in the wire grass of the rolling
pine land, they found the hole of a
gopher. They covered the entrance of
this tunnel with a sack and planted the
stick over the tunnel. Then all of the
men lay down about 20 feet away and
one of them sang.

In a half hour the sack was seen to
move slightly, whereupon one of the
young men jumped up quickly and ran
to the stick, which he pressed deep into
the ground, cutting off the gopher's re-
treat. The other reached his hand into
the hole and brought out a big gopher,
which was made into a delicious stew
for their dinner. Mr. Gilbert, discus-
sion on the incident, says:

"I have since learned that the Mexi-
cans, who are very fond of gophers,
pursue this method, except that they do
not sing. The singing is entirely super-
fluous. Curiosity is what kills the gop-
her, as it has killed the historic cat.
The animal evidently is curious to learn
what it is that has darkened the thresh-
old of his abode and comes forth to
see. The stick does the rest. I have
tried the same plan myself and very
successfully."—Florida Times-Union.

FORESTALLING THIEVES.

Why Thomas A. Edison Patents Every-
thing He Invents.

As Thomas A. Edison watched the
pumping of the air from a glass tube in
his laboratory a day or two ago, a man
said to him:

"You patent every little thing you
discover, don't you, Mr. Edison?"

"I do," said Mr. Edison, "and do
you know why I do it?"

"I suppose you do it so you will reap
the benefit of your discovery," was the
reply.

"I thought you'd say that," said Mr.
Edison, "and I don't suppose you will
believe me when I tell you it isn't so.
Nevertheless, I discover a great many
things that I would be glad to give to
the public for nothing, but I don't dare.
I patent these things to save myself
from defending lawsuits. There are a
lot of sharks in this world who are con-
tinually on the lookout for new things,
and when one of them hears of some-
thing new he hustles to the patent office
to see if it is patented. If it isn't, he
claims it as an original discovery and
files his claim. Then he will turn right
around and, like as not, begin a suit
with the man who invented the thing
for making or using it. The inventor
will say: 'But I discovered this thing
first. I am the inventor.' He is referred
to the patent office, where he finds the
official claim of original invention. The
fact that the papers are filed long after
he made his discovery does not help
him, for all the other man does is to hire
a fellow to swear that he made the dis-
covery a month or two prior to the date
the inventor claims. It sounds ridicu-
lous, probably, but it is a fact that there
are often races between the inventor
and the sharks to reach the patent
office, the sharks having had early in-
formation about the inventor's discov-
ery. There are many such races and
thousands of dollars depend on each
one. What I say is literally true."—
New Ideas.

The most wonderful lake of mineral
water in the world is Lake Owen, Cal.
It has a specific gravity of 1.075 and
contains 7,128.24 grains of solid matter
to the gallon. These grains of solid
matter are divided among the various
minerals as follows: Chloride of sodium
(common salt), 2,842 grains to the gal-
lon; sulphate of sodium, 956 grains; car-
bonate of sodium, 2,914 grains. Besides
the above each gallon of the water has
its proportion of sulphate and phosphate
of potassium, silica, aluminum, cal-
cium and ferric magnesium.—St. Louis
Republic.

Babylon was burned by Cyrus when
about B. C. 538, but the city was re-
built with greater splendor than before.
Its final destruction was by fire after a
second capture.

Journal Job Office

The Newest Envelope.
Opening an envelope by pulling a
string is the latest labor saving device.
Like all simple contrivances, it seems
queer no one thought of it before, but
that doesn't impair its usefulness.
Any envelope can be equipped with
the opener. An ordinary piece of thread
is inserted at the top of the flap, and
when the flap is made the thread pro-
jects from one end. To open the en-
velope all that is necessary to do is to
pull back the thread.
This envelope opener is a New York
invention, and it promises to be very
popular with the busy business man.

Silly Question.
When a man has lost his pocketbook
or a gold collar stud, the question asked
him by nine people out of ten is,
"Where did you lose it?" And this is
always a very soothing question to the
loser, because if he knew where he lost
the article it is not reasonable to sup-
pose that he would be looking in 40
different places to find it.—London Tit-
Bits.

Jerusalem has been partly or wholly
burned 17 times, each great configura-
tion being kindled when the city was
taken by a besieging force.

This Is Your Opportunity.
On receipt of ten cents, cash or stamps,
a generous sample will be mailed of the
most popular Catarrh and Hay Fever Cure
(Ely's Cream Balm) sufficient to demon-
strate the great merits of the remedy.
ELY BROTHERS,
56 Warren St., New York City.

Rev. John Reid, Jr., of Great Falls, Mont.,
recommended Ely's Cream Balm to me. It
emphasized his statement, "It is a posi-
tive cure for catarrh if used as directed."
—Rev. Francis W. Poole, Pastor Central Pres-
byterian Church, Helena, Mont.

Ely's Cream Balm is the acknowledged
cure for catarrh and contains no mercury
nor any injurious drug. Price, 50 cents.

ASSESSMENT NOTICE.
OVER WATER DITCH COMPANY—LOCAL
Notice of property in Washoe County, Ne-
vada, place of business, Reno, Nevada, is
hereby given that at a meeting of the Board
of Directors of the Water Ditch Com-
pany, held on the 24th day of October, 1898,
assessment No. 2 of \$2 per share was levied on
each and every share of the stock of the com-
pany, payable immediately in lawful
money, to the Treasurer, the Washoe County
Bank of Reno, or any stock upon which the
assessment shall remain unpaid on
Tuesday, November 24, 1898.
Will be delinquent and advertised for sale at
public auction, unless payment is made
before, will be sold by the Secretary, at the
office of the company on Thursday, Dec. 31,
1898, at 2 o'clock P. M. of that day, to pay the
delinquent assessment and costs of sale.
